Great British Rock & Blues Festival

★ Debbie Bonham, who your correspondent has seen many times before, a powerful rock band steeped in the primal intimacy of the blues, The Deborah Bonham Band are perfect for occasions like this. Deborah has a likable, Earth Mother-style persona and a warm and fulsome voice.

I'm reliably informed that *The Old Hyde*, a tear-jerking ballad inspired by the Bonham family's house, is especially charged on this occasion.
